

FAQ: Many files are missing! / All my directly linked files are not accessible anymore, why?

For all files that were correctly linked in the old Electures-Portal a redirect is in place. This is not the case for all files that were not in the Electures-Portal Database (i.e. those links that look like <http://download.informatik.uni-freiburg.de/lectures/some/dir/path/to/my/exercises/foo.pdf>. If such a File is not available anymore write an E-Mail to electures@informatik.uni-freiburg.de containing a description of the problem and a link to the missing file. We will then try to find a Solution.
